TopGolf Team Building Workshops

The term “team building” has become a buzzword in recent years, and in terms of corporate development team building isn’t just an important date on the calendar, it’s an essential one! TopGolf have put together a Team Building Workshop where you can learn the secrets of magic with a top UK close-up magician. Build your team as if by magic!

During the course of the session the group is split into teams, each are designated with a specific role. Each team is given one or two principles which they use to create their own unique magic effect. Within a set time limit the teams plan and rehearse their routines which they then perform in front of the whole group.

Finally, the magician performs a routine he has invented with the principles explored in the workshop, and participants have the chance to ask questions about his experience performing magic. This can fit perfectly into a bespoke TopGolf event, below is an example itinerary:

10.00	TopGolf Host welcomes the Company to a drinks reception and sets the itinerary for the day ahead.	2.50	The groups reconvene to share the effects they have created.
11.00	The Host splits the group into teams and two competitive games of TopGolf are played.	3.05	The magician gives feedback on their performances and how they worked as teams.
12.45	Buffet lunch is served.	3.20	The magician uses the existing magic technique to offer a new problem solving exercise – where the teams must make their routine about an aspect of TopGolf.
